Journal for Welding, Cutting and Allied Processes

WELDING AND CUTTING is an international trade journal which is editorially oriented to welding, cutting and brazing/soldering technology, including the numerous peripheral areas. It includes regular and comprehensive reports from industry, science and the practice of the welding technology sector, takes up not only new developments but also economic questions and thus serves as an important source of information which is used by an international expert public throughout the world.

2 (2022)

ISSUE HIGHLIGHTS:

Investigation and further development of friction welding for joining additively manufactured components

For the industry additive manufacturing (AM) has the potential to produce components with complex geometries in relatively short lead times and at comparatively low cost, even with batch size 1. A major limitation for this...

Laser beam welding of additive manufactured

Optimization of process parameters and tools for underwater bonding of brackets

WELDING CUTTING

Welding and allied processes

Investigations on fatigue strength of wet welded structural steels

Content:

Editorial profile	32
Circulation and distribution analysis	33
Scope and content analysis	34
Topics and dates	35
Advertising rates	36-37

Editorial Profile: Technical magazine covering welding, cutting and brazing/soldering technology and related fields.

Target Group: Internationally operating industry experts and decision-makers about investment projects.

Publisher: DVS – German Welding Society, D-Düsseldorf
Institut de Soudure, F-Roissy

Editorial Staff Sarah Gottschalk (management/responsible)
Anja Labussek M.A.
Dipl.-Ing. Viktor Travkin

Year: Volume 24, 2025

Publication frequency: 2 x times a year as an issue in the issue in SCHWEISSEN und SCHNEIDEN 4/2025 + 9/2025.

Print run: 3,600 copies

Publication/subject plan: see page 35

Editorial features

- Research, development and application
 - Training
 - Continuing education
 - Exchange of experiences
 - Welding, cutting, brazing/soldering, adhesive bonding and allied processes
 - Material issues (ferrous and non-ferrous metals, plastics, basic and additional materials)
 - Calculation, construction and production in steel, container, apparatus, vehicle and mechanical engineering
 - Welding machines including robots and controls
 - Material testing (destructive and non-destructive)
 - Occupational health and safety
-

In cooperation with

Verbreitung:

- As EXTRA SERVICE for subscribers as a magazine-within-a-magazine in SCHWEISSEN UND SCHNEIDEN 4/2025 + 9/2025
- As an electronic issue to over 2,000 internationally active professionals

Special formats / special forms of advertising:

Let us know your requests for special formats and special forms of advertising.

We are pleased to submit an offer.

Preferred data carrier / data transfer:

E-Mail: anzeigen@dvs-media.info

We-Transfer: www.wetransfer.com

Please ensure that all fonts, logos and graphics (300 dpi) used are supplied as files, provided they are not embedded in the document.

Preferred data formats:

We recommend the delivery of PDF data (standard: PDF/X-4:2008). Open data (e.g. InDesign etc.) should be avoided. The file must be printable, i.e. all fonts used must be embedded, halftone images require a resolution of 300 dpi, line images at least 600 dpi.

Colours:

PSO Coated v3 (ECI)

Colour profiles and more information about ICC profiles at eci.org.

When delivering print files that are sent to us in RGB colour mode, we automatically convert them to CMYK. Please note that the conversion may result in colour changes. The publisher is not liable for colour deviations in print. Special colours are possible on request.

Processing of image data

TIFF-, EPS- und JPEG-files

- The file names should not contain any spaces or special characters
- Please ensure sufficient bleed allowance (at least 3 mm)
- Other programs and data carriers on request

Notes for a smooth transaction:

- Create black and white advertisements only in black and white or grayscale
- Mix colours only in cyan, magenta, yellow and black (process colours)
- The file names should not contain any spaces or special characters
- In parallel with the delivery of the data, please provide a printout of the advertisements so that the digital data can be checked
- For 4c ads, please send a proof
- When submitting data, quote the magazine and issue
